

Callistemon Slim™

DENSE FOLIAGE * COLUMNAR HABIT * LOADS OF FLOWERS

Callistemon viminalis 'CV01' Slim™ PP24,444

General: Densely foliated Callistemon shrub with a columnar growth habit and loads of crimson bottlebrush flowers in spring and summer. Plants retain foliage all the way to the ground.

Form & Habit:

- Large evergreen perennial that can reach 9-10' H x 4-5' W (+/-) if left unpruned; dense foliage with an upright columnar form.
- Zones 9 to 11 for landscape applications

Leaf & Bloom:

- Simple lanceolate leaves arranged in whorls along branches; new growth is light green and matures to a dark emerald green.
- Large crimson-red bottlebrush inflorescences

Notes:

- Plant in well-drained soils; full to filtered sun
- Drought tolerant once established
- Responds well to pruning; can be maintained as small as 6' H x 3' W.
