

Brindabella Roses™

DENSELY-FOLIAGED * LARGE FRAGRANT FLOWERS * EXCELLENT DISEASE RESISTANCE

Rosa hybrid 'GRAsuper' Touch of Pink™ PP23,175

General: A tough shrub rose selected for superior garden performance and show stopping flowers: semi-upright to mounded, bushy growth habit, excellent disease resistance with white, very fragrant flowers that are lightly tinged pink.

Form & Habit:

- 4' H x 4' W (+/-); upright, densely-foliaged habit
- Freely branching and densely foliaged
- Zones 5 -11; very disease resistant, even in sub-tropical climates.

Leaf & Bloom:

- Large, mid to dark green leaflets; rounded; light anthocyanin suffusion of the new growth
- Large, very-doubled flowers; white and centered pale pink (fading to nearly pure white with age) with a strong, fruity fragrance with hints of citrus

Notes:

- Plant in full to filtered sun
- Blooms best when provided regular water and fertilized in spring and fall
- Prune aggressively (to oldest wood) in late winter
