

Callistemon Better John™

IMPROVED VIGOR * GREYED GREEN LEAVES * RED FLOWERS

Callistemon viminalis 'LJ1 Better John™ PP27,331

General: A seedling selection of Callistemon 'Little John' that exhibits improved plant vigor while maintaining a more densely-foliaged habit with less pruning.

Form & Habit:

- Small evergreen shrub that grows to approximately 5' H x 5' W (+/-) after five years; dense foliage with a globular form.
- USDA Zones 9 to 11

Leaf & Bloom:

- Simple lanceolate leaves arranged in whorls along branches; new growth is light green and matures to greyed-green.
- Crimson-red bottlebrush inflorescences

Notes:

- Plant in well-drained soils; full to filtered sun
- Drought tolerant once established
- Responds well to pruning; can be maintained as small as 3' H x 3' W.
