

# Dianella Blaze™

WINTER FOLIAGE INTEREST \* DARK MAROON PEDUNCLES, BUDS & BERRIES

Dianella tasmnica 'NPW2' Blaze™ PP23,084

**General:** A tough Dianella with green foliage that has hints of auburn during spring and summer; foliage becomes progressively suffused with maroon during the cooler months. Unique dark maroon inflorescences in spring.

**Form & Habit:**

- 18" H x 22" W (+/-); Evergreen w/ arching foliage
- Quick to finish & fast to establish in the landscape
- Zones 9 -11; plant in a protected area in colder climates.

**Leaf & Bloom:**

- Strap-like green foliage with hints of auburn in warm weather; strongly suffused with maroon during winter
- Typical Dianella inflorescence, only with dark maroon peduncles, buds and berries

**Notes:**

- Plant in full sun to partial shade
- Drought tolerant but best with regular water
- Remove spent flowers and untidy foliage as desired, at any time of year
