

Anisodonteia Dayo™

LARGE BICOLOR FLOWERS * SEASON-LONG BLOOMS * FAST GROWING

Anisodonteia hybrid 'IB609-3' Dayo™ PP35,004

General:

The product of a lengthy breeding program with aims of larger flowers, longer bloom period, and a compact habit. Dayo exhibits loads of large bicolored bright pink flowers with dark centers on a vigorously-growing bush.

Form & Habit:

- 30-36" H x 24" W (+/-); upright growth habit
- Freely-branching and densely foliated; responds very well to aggressive pruning
- Zones 8b -11 (root hardy); use in patio planters in colder climates

Leaf & Bloom:

- Dark green, palmate leaves with a bullate texture
- Season-long, continuous flowering with LOADS of large (relative to the species) bicolored flowers; non-fragrant

Notes:

- Plant in full to filtered sun
- Prefers free draining soils & regular irrigation
- Prune aggressively at any point in the season; plants will quickly rebound and begin to flower
