

Cortaderia Tiny Pampa™

A TRUE DWARF PAMPASGRASS * BEAUTIFUL PLUMES * NON-INVASIVE

Cortaderia sellosana 'Day1' Tiny Pampa™ PPAF

General:

The absolute smallest Cortaderia on the market today; only about 2 feet tall, in flower. Tiny Pampa flowers abundantly, even as a 1 or 2 year-old plant. Ideal for small spaces, patio gardens, and even large containers.

Form & Habit:

- 24" H x 24" W (+/-); upright to arching habit
- Tightly clumping crown creates a dense tussock
- Zones 8 -11; plant in a protected area in colder climates.

Leaf & Bloom:

- Narrow linear foliage with a dark green color. Very finely serrate; softer than the species.
- Topped with beautiful cream-white plumes that sit at or just above the foliage. Very low seed viability.

Notes:

- Plant in full to filtered sun
- Prefers free draining soils; drought tolerant
- Tough as nails once established
