

# Miscanthus Red Tower™

DARK RED PANICLES \* UPRIGHT, ARCHING HABIT \* FALL FOLIAGE INTEREST

## Miscanthus sinensis 'JOTMISER' Red Tower™ PPAF

### General:

A larger Miscanthus selection with an upright to arching growth habit and striking panicles which emerge with a pink sheen, becoming deep red-pink, and aging to burnt red. Foliage ages to yellow-orange in autumn.

### Form & Habit:

- 7' H x 4' W (+/-); upright to arching habit
- Tightly clumping crown creates a dense tussock with an upright to arching growth habit
- USDA Hardiness Zones 4-9

### Leaf & Bloom:

- Relatively broad, linear foliage; mid-green with a prominent, white midrib
- Topped with striking panicles that emerge with a pink sheen, becoming dark red-pink, and aging to burnt red. Very floriferous.

### Notes:

- Plant in full to filtered sun
- Prefers free draining soils & regular irrigation
- Drought tolerant once established
- Prune in late late winter
