

GREYED-GREEN WITH CREAM WHITE STRIPES * LARGER THAN COMMON VARIEGATED DIANELLA

Dianella tasmanica 'TAS300' Wyeena™ PP22,196

General:

A large variegated flax lily, growing to nearly 3 feet, with greyed-green foliage and cream-white leaf margins with subtle cream-white striations throughout the leaf create a nice, subtle variegation that is different from the rest.

Form & Habit:

- 36" H x 24" W (+/-); Evergreen w/ arching foliage
- Quick to finish & fast to establish in the landscape
- Zones 9 -11; plant in a protected area in colder climates.

Leaf & Bloom:

- Long sword-like foliage; glaucous, greyed-green and finely striated with cream white, with cream colored margins
- Typical Dianella inflorescence;

Notes:

- Plant in filtered sun to moderate shade
- Drought tolerant but best with regular water
- Remove spent flowers and untidy foliage as desired, at any time of year
